BBO

WHEELCHAIR LIFT FOR VEHICLES

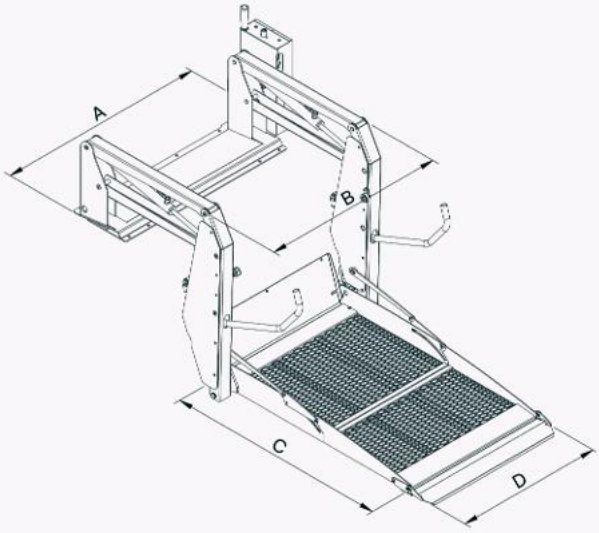

QUALITY **MADE IN ITALY**

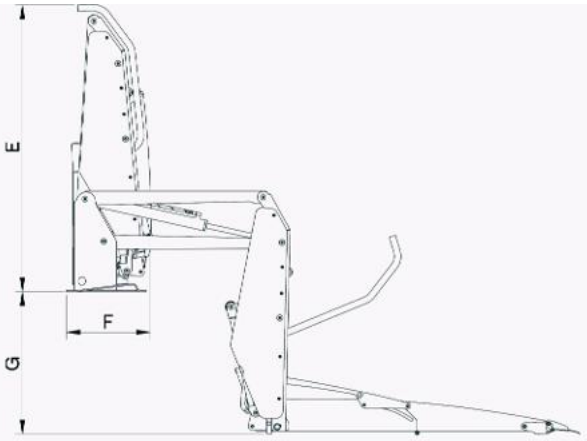

BBO | WHEELCHAIR LIFT FOR VEHICLES

The BBO models are fully automatic dual-arm lifts operated by a practical hand-held control pendant with coiled cable. The platform, featuring a non-slip grating surface and a horizontal folding mechanism, is the distinguishing feature of these models. Their simple and reliable electro-hydraulic operation completely eliminates the difficulties encountered by wheelchair users when entering and exiting adapted vehicles. This platform has been specifically designed not to obstruct the driver's field of vision during vehicle operation. All lifts manufactured by MARIANI S.r.l. comply with the current European Union regulations and meet the requirements for electromagnetic compatibility (EMC).

DIMENSIONS AND VARIANTS BBO

PATENTED

MOD. BBO

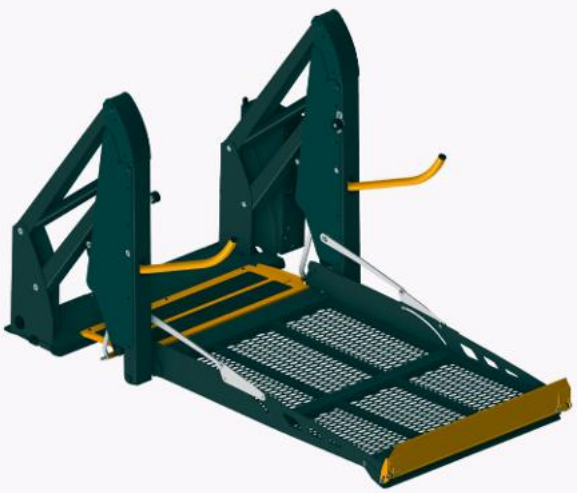

MODELS	DIMENSIONS mm							WEIGHT	SWL
	A	B	C	D	E	F	G		
BBO 105.65	1010	890	1050	650	950	360	650	100 kg	320 kg
